

# Boise Cascade Company Plywood Mills

Chester, SC (CI)

Oakdale, LA (CI)

Elgin, OR (QMS)

Kettle Falls, WA (QMS)

Florien, LA (CI)

Medford, OR (QMS)

Produce structural wood products audited and certified in accordance with APA's Certified Inspector Program (CI) and/or Quality Management System (QMS) Program. APA certification is not available to producers of hardwood/decorative plywood, particleboard or medium density fiberboard (MDF).

The APA member mills referenced above, in conjunction with the respective quality audit program, manufacture products that are:

- Exempt from the California Air Resources Board (CARB) Airborne Toxic Control Measure (ATCM) to Reduce Formaldehyde Emissions from Composite Wood Products (California ATCM 93120), and
- Exempt from the scope of the EPA Toxic Substance Control Act (TSCA) Title VI Formaldehyde Standards from Composite Wood Products Act.

A handwritten signature in black ink, reading "Steven C. Zylkowski".
